Mr. Smith,

Legislation (HB 1094) that would ban the possession of any magazine (rifle, pistol or shotgun) capable of holding more than 10 rounds will be heard in the Joint Committee on the Judiciary this Wednesday, March 23, 2011.

I am concerned about legislation banning 10+ round magazine possession. I believe registered gun owners should not be subjected to these unnecessary restrictions. There must be a better way to restrict illegal use and possession of high capacity weapons.

Thank you,

Peter McDowell
